Dear Alex;

Please let me take this opportunity to thank you and the Palm Beach Radio Control Association for your generous gift of \$589.00 to the Alexander (Sandy) Nininger State Veteran's Nursing Home. Through your expression we will be able to purchase two canopied enclosures, as well as a cover for a third which will allow the veterans here to sit on our main patio area in the shade.

We as well as the residents appreciate your continued support and assistance, and we look forward to installing and utilizing the canopies as soon as we receive them.

Thank you,

Lawrence Militello, NHA
